

# ICICT 2018 Call for Paper

Northern Illinois University (NIU) DeKalb, USA

March 23-25, 2018

2018 International Conference on Information and Computer Technologies (ICICT 2018) will be held in **Northern Illinois University (NIU) DeKalb, USA** from **March 23-25, 2018**.

ICICT 2018 aims to strengthen the collaboration and provide a forum for academicians, professionals and researchers to discuss and exchange their research results, innovative ideas, and experiences in all aspects of intelligent and green technologies, as well as to identify emerging research topics and define the future directions to achieve sustainable development. The conference will feature traditional paper presentations as well as keynote speech by prominent keynote speakers who will focus on related state-of-the-art technologies in the areas of the conference. The final program will be the result of a highly selective review process designed to include the best work of its kind in every category.

You are cordially invited to submit your recent research work to the ICICT 2018.

Selected and registered papers will be published by **IEEE Conference Publication** and reviewed by the IEEE Conference Publication Program for **IEEE Xplore, EI Compendex and SCOPUS**.

### Important Date

**Submission Deadline** November 10, 2017  
**Notification Day** November 30, 2017  
**Registration Deadline** December 20, 2017

### Venue

**Northern Illinois University (NIU) DeKalb (Engineering Building)**  
**Add: 590 Garden Rd., Northern Illinois University, DeKalb, IL 60115, USA**

### Assisted by

### But not only limited to the following:

- Algorithms
- Artificial Intelligence
- Automated Software Engineering
- Biomedical Engineering
- Bio-informatics
- Compilers and Interpreters
- Computational Intelligence
- Computer Animation
- Computer Architecture & VLSI
- Information Systems
- Computer Based Education
- Computer Games
- Computer Graphics & Virtual Reality
- Computer Graphics & Multimedia
- Computer Modeling
- Computer Networks
- Computer Security
- Computer Simulation
- Computer Vision
- Computer-aided Design/Manufacturing
- Computing Practices & Applications
- Control Systems
- Data Communications
- System Security
- Data Compression
- Data Encryption
- Data Mining
- Database Systems
- Digital Library
- Digital Signal & Image Processing
- Digital System & Logic Design
- Distributed & Parallel Processing
- Distributed Systems
